The Day Before Camp/ Review Guidelines

Review the Camp Guidelines with your Family.

- Campers are expected to be present at all meals and activities.
- **Dismissals:** In order to ensure a positive experience for all campers, **each camper is required to respect and cooperate with the staff and fellow campers.** If a camper cannot, after clear explanation, do what the schedule or staff requires, the parent or guardian who registered the camper will be contacted. The parent or guardian will be asked to instruct the camper to obey and cooperate. If after receiving the instruction, the camper is still unable or unwilling to participate in an acceptable manner in the group, the parent or guardian will be asked by the camp director to come and pick up the child, or arrange for transportation home. No refunds will be given for dismissed campers.
- **Bullying:** There is a two-strike policy on bullying. After the first warning we will request the parent or guardian of the camper instruct camper to stop the behavior. If the camper chooses to express rude or inappropriate behavior toward another camper or staff member, the camper will be dismissed from camp.

During the week of Camp

- **Excess Medical Insurance Policy**
Our policy is such that in the event of an accident requiring medical attention, **claims will first be filed against the parent's insurance company.** Once the limits of that policy have been exhausted, or to recover any deductible amounts, claims may be filed against our limited insurance. In the absence of any group or individual policy, our insurance will provide coverage with the limits and provisions of the policy. In the event of an accident, every effort will be made to contact you before any action is taken. If this is not possible, the director and camp nurse will make a decision based on what treatment your camper may need. You will be contacted as soon as possible.
